*It is noted for the record that applicant is right in his comments concerning the Examiners Reasons for Allowance. The Reasons for Allowance should have stated that the shaft, not the sleeve, is attached to a base member. And applicant's comments concerning the title also apply to his Reasons for Allowance. The Reasons of Allowance should not have said "Laser welding" in the next to last line thereof, but rather should have referred to welding by a directive energy beam. The Examiner regrets these errors.*
